Dear Parents, Guardians, Students and Staff of St Norbert College

The excitement is building for St Norbert Day on Friday 9 June. The day starts with a Mass in the Fr Peter O’Reilly Centre followed by entertainment, food stalls and a demonstration of our talented students in the Talent Quest. Students are asked to please adhere to the expectations regarding personal presentation and conduct on the day.

This week the Year 11 and 12 students are fully engaged in the Semester One examinations. Please keep the senior students in your prayers throughout the next few weeks.

Thank you to Mrs Silva, Miss Macoboy, supporting staff and the Student Representative Council for their organisation of the Year 8 Social last Thursday night. The students enjoyed the interaction with their peers and the hamburgers provided by Miss Kyd and the Cambodia Immersion Team.

As this newsletter goes to print, our ACC Cross Country team will compete in the interschool ACC Cross Country carnival at Alderbury Reserve. I wish all athletes the best and I look forward to reporting on their success in the next newsletter.

Parents should have received information in the last newsletter about the next Parent Seminar hosted by the Parent Committee on cybersafety. I urge families to consider this seminar on Tuesday 13 June, given the cyber interactive world our young people are engaged in.

The College Uniform Shop has moved. It is now located at the Centre Street end of the new Xanten Performing Arts Centre. Parents are asked to park in the carpark, entering from Centre Street, as there are many free bays available.

God Bless
Mrs A Morey (Principal)

**Prayer**

God, who is Love,
unite us in Christian fellowship
by sharing the Apostolic tradition of common ideals,
worship, and service. Guide us
towards that holiness which harmonises every dimension of our being, and prepares us for all good works.

Fill our hearts with your Holy Spirit, that we may promote the welfare of all as the Body of Christ on Earth; and so pattern our lives each day according to Jesus, your Son in whose name we pray.

**St Norbert, pray for us**

**Amen**

**REMINDERS**

- Friday 9 June - St Norbert Day Celebrations. Applications close for 2018 Blessed Hugh of Fosse Basketball Scholarships.
- Tuesday 13 June - Parent Information Seminar, Cybersafety - Br Pat Forum - 7.00pm
- Monday 19 June - Applications open on-line for the 2018 Blessed Ricvera Music Scholarships
- Wednesday 21 June - College Photo Day
- Tuesday 27 June - Year 10 Parent Information Evening - O’Reilly Centre - 6.00pm
ST NORBERT DAY 2017

This year, due to the public holiday on 6 June, St Norbert day will be celebrated at the College on Friday 9 June. As a community, we always begin the day with a Mass. This year we will be celebrating the Mass in the O’Reilly Centre. Parents and other members of our community are most welcome to attend.

This year we are scheduled to participate in activities on campus.

The schedule for the Day:

<table>
<thead>
<tr>
<th>TIME</th>
<th>Activity</th>
</tr>
</thead>
<tbody>
<tr>
<td>8.45am-9.00am</td>
<td>Homeroom</td>
</tr>
<tr>
<td>9.15am-10.30am</td>
<td>College Mass at Fr Peter O’Reilly Centre</td>
</tr>
<tr>
<td></td>
<td>Parents are invited to attend this celebration.</td>
</tr>
<tr>
<td>10.45am-11.05am</td>
<td>Morning tea/recess in House groups (students to BYO food for recess and canteen is open)</td>
</tr>
<tr>
<td>11.05am-11.50am</td>
<td>Staff vs Students on oval (soccer)</td>
</tr>
<tr>
<td>12.10pm-2.00pm</td>
<td>St Norbert Day Fair</td>
</tr>
<tr>
<td>2.25-3.20pm</td>
<td>St Norbert Day Talent Quest - Fr Peter O’Reilly Centre</td>
</tr>
</tbody>
</table>

REMININDERS

It is a normal school day and all students are expected to attend.

Recess Students are required to bring their own food for morning tea. The Canteen will be open during recess only.

College Expectations

Full tracksuit with House shirt must be worn to school and for Mass, and the remainder of the day.

If a student does not have a tracksuit they must wear their full College Winter Uniform. (They may change into their sports uniform after attending Mass.) A reminder that the uniform shop is open on Monday mornings and Thursday afternoons. Sports shoes that are rigid in the heel, provide ankle and foot support and not easily twisted.

Normal personal presentation rules apply with regard to jewellery and makeup.

Mr S Hodgen (Dean of Studies)

PASTORAL CARE

PRACTICAL TIPS FOR PARENTS TO HELP CHILDREN AND YOUNG PEOPLE USE THE INTERNET

In schools across Australia and the world, young people are using and learning more about the internet and the variety of information that is available to them online, through their use of computers and smart phones. What they learn about their various topics of interest and how they communicate this can influence the way their behavior presents at school. This will occur through the relationships they have with other students and their teachers. As a College, we continue to manage and support our young people with their behavior and the decisions and choices that they make. Below is an article about how parents can continue to monitor their child's internet usage and support them in becoming responsible digital citizens. With more awareness of what young people are learning online we can continue to provide for them as they travel through the important developmental years of their life.

The following tips will help parents provide support and guidance for children and young people as they increasingly engage in online activities.

Monitoring and Supervision

Monitoring a young person’s online activities includes checking that websites are appropriate for a child’s use and keeping an eye on the screen. If parents are willing to provide children and young people with access to mobile phones and computers, then a responsibility to understand, model appropriate behaviour, and communicate the basics of good digital citizenship should come with the access. Advice on monitoring often focuses on keeping the computer in a shared family area, yet in the age of wireless connections and internet-enabled smartphones, this is increasingly difficult. Similarly, young people may control their own online details, such as passwords and web browser histories. Ways in which these difficulties can be addressed include:

- Developing a plan about internet use in partnership with family members. This can include:
- details of appropriate online topics;
- privacy setting checks;
- physical locations for internet use, and parental monitoring (“looking over the shoulder” or “line of sight” supervision);
• limits on screen time;
• limits on when wireless internet connections and/or mobile devices will be available; and
• what may be identified as "inappropriate posts" on online profiles.
• An "Internet use agreement" may be useful to develop with older children.
• Taking an active role in discussing the benefits of online activities with children and young people, and what strategies they may use to respond to cyberbullying, other negative online behaviours, or if they unintentionally access adult content. Discussions can include how these rules may apply wherever they are online, including at home in their bedroom and when they are outside the home, for example, at a friend's place.

Protection
Parents can be encouraged to:
• Find out whether their child's school has an internet policy and how online safety is maintained. Inquiries should focus on the strategies used to educate children and young people about online safety and cyberbullying, whether parents are involved in cyberbullying initiatives and developing cyberbullying policies.
• Point out to children that some websites on the internet are for grown-ups only and are not intended for children to see. Discuss what strategies a teenager might adopt if he/she accesses this content.
• Use a family-friendly Internet service provider (ISP) that provides proven online safety protocols. Filtering tools should not be solely relied on as a solution, however- open discussion and communication with young people about monitoring and supervision is needed.
• Empower children to use the internet safely by mutually exploring safe sites and explaining why they are safe. It's also important to educate children on why it's not safe to give out any personal details online.

Engagement and communication
Parents can be encouraged to:
• Discuss with children how they may recognise the difference between online information that is helpful or unhelpful, true or false, useful or not useful. For example, government or education websites may contain more accurate information than opinions that are posted on an unfamiliar person's blog.
• Increase their own knowledge and become more adept at engaging in online activities and exploring social networking sites that are being used by their children. Learning alongside children and young people can be an effective way to achieve this- parents can be encouraged to let their children be the "experts" and help them understand the tools they are using online.
• Focus on the positive aspects of the Internet- spend time looking together at sites that are fun, interesting or educational. Find sites together that are age- and stage-appropriate for children.
• Encourage your child to question things on the Internet. When looking at a new site, your child could ask questions such as, "Who is in charge of this site?", "Have I found information, or is it just opinion?" or "Is this site trying to influence me or sell me something?"

The significance of 13 years old
As part of their privacy policies, social networking sites such as Facebook, Twitter and YouTube specify that users must be at least 13 years old. Parents may be unaware of this requirement.
Many social networking sites avoid this requirement by setting a minimum age of use at 13 years old- but there is no onus on website operators to verify the age of users.
The remainder of this article and further resources can be viewed at: https://aifs.gov.au/cfca/publications/online-safety
Please see the end of the newsletter for data on information from the Office of the Children’s eSafety Commissioner.

STUDENT MINISTRY

WINTER APPEAL
The cold weather is certainly here, so this provides us with a good opportunity to think about those in our community who are homeless and lack the basic essentials that most of us take for granted.
This year as part of our winter appeal Student Ministry will be collecting the following items:
• Warm bedding, sleeping bags, blankets, new socks, beanies and scarves
• Canned food – like last year we aim to collect 1000 cans
• Toiletries in all shapes and sizes – samples collected from hotels as well as regular size toiletries are desperately needed, including razors, deodorant and soap.

Donations can be left in Student Ministry. This appeal will run to Week 8. All donations will be given to Shopfront in Maylands.

Ms M Kyd (Campus Ministry Coordinator)
STUDENT ACHIEVEMENT

STUDENT SPORTING SUCCESS:
In the past few weeks there have been a number of St Norbert students who have found success in their sports outside of school. Elizabeth Skinner-Drakeford was recently shortlisted for the ACC Representative Netball team which will take on a combined School Sport WA team later in the year. Lizzie will now play a trial match and from here the final team of 10 will be selected. Good luck Lizzie!

Congratulations to Lilli McAuliffe who received a Local Sporting Champion Grant of $500.00 towards her participation in The Australian Calisthenics Federation 2017 National Championships to be held in Sydney in July. Lilli will be representing WA in the Intermediate Team.

Another very talented athlete of ours is Connor Chehab who recently spent time in Adelaide representing Western Australia in the Australian Junior League Baseball Championships.

Lily McDonald who was recently awarded State Gymnastics Champion in the level 6 senior division at the WA National Level State Championships. Congratulations Lily.

The Jansen van Rensburg brothers recently competed in the All Schools Cross Country Championships and we were excited to hear that Jaco won his race in the U15 division and MJ came 5th in the U17s race. Well done, boys!

Ethan Glassborow was recently awarded an ACC All Star for his efforts at the ACC Swimming carnival in Term 1. The ACC “Virtual Carnival” is an ACC initiative that ranks all schools and swimmers against each other, across all events, in a hypothetical carnival. In this “Virtual Carnival” Ethan finished third overall, out of all the swimmers in his age group, in both the U14 50m Freestyle and 50m Butterfly, and as a result has been selected in the ACC All Stars Swimming team for 2017. Congratulations Ethan!

Well done and congratulations to all these students! Don’t forget to send some information and any photos of your sporting achievements to Mr Price (mprice@norbert.wa.edu.au).

Mr M Price (Head of Sport)

HEALTH STUDIES

P.A.R.T.Y PROGRAM

In Week 2.4, 29 of the Year 11 and 12 Health studies students attended an injury prevention initiative at Royal Perth Hospital called the P.A.R.T.Y Program which stands for the Prevent Alcohol and Risk-related Trauma in Youth.

In order to completely involve the students in the experience of injury and recovery, the group was taken through the common course of injury and treatment of someone involved in a trauma, often due to risk-taking behaviours.

The P.A.R.T.Y Program provides useful, relevant information to young people to help them recognise potential injury-causing situations and make informed prevention-oriented choices about activities. It is also designed to help them adopt behaviours and actions that minimise risk.

Through a variety of teaching techniques, including interactive videos and tours of the Intensive Care Unit, the Emergency Department and Trauma Ward, as well as visits from injury survivors, students saw first hand what it would be like to be injured. The students were heavily involved in the day and expressed the positive value they found in the program and that they felt personally affected by what they saw and experienced. All Year 11 and 12 Health Studies students have the opportunity to attend the program although there are limited places on the day. Thank you to Karis Hughes and Ryan Godfrey who also attended and I look forward to another positive experience for the students next year.

Mrs M Robinson (Head of Learning Area - Health and Physical Education)
GRAVITY DISCOVERY CENTRE

The Year 10 Extension Science class recently visited the Gravity Discovery Centre based in Gin Gin. It is located in the same complex as the Australian International Gravitational Research Centre which played a significant role in the first detection of gravitational waves in 2015.

The students were given a brief lesson on 13.8 billion years of cosmic evolution, as well as concepts of space-time and how gravitational waves propagate from powerful interstellar events.

The Year 10’s ascended the leaning tower of Gin Gin’s 222 steps to recreate Galileo’s famous falling objects experiment. They also analysed the motion of various pendulums, timed the speed of waves through various media and got hands-on with various interactive science displays. The day was enjoyed by all and hopefully inspired some future astrophysicists to aim for the stars.

Mr R D’Almeida (Science Teacher)

YEAR 10 SCIENCE

The Year 10s have been learning about Newton’s Laws of Motion in their science classes over the term. One class has been applying these laws to the physics involved in car crashes. As part of their learning they completed an assessment that involved creating a vehicle to protect an egg from a two storey drop. They only had simple materials to work with, such as cardboard, bubble wrap and straws to create their egg-saving vehicles. By incorporating features such as a crumple zone and restraints, most groups were able to successfully launch their vehicles and get their egg safely to the ground. The class combined learning with real-world applications and had a lot of fun in the process. Well done Year 10s on some great vehicle designs.

Miss S Fairhead & Mr R D’Almeida (Year 10 Science Teachers)

YEAR 10 CARING FOR CHILDREN

On Thursday 4 May, seven mums (all St Norbert teachers on maternity leave) and their babies came back to school to participate in a question and answer session with the students involved in the Year 10 Caring For Children elective. We were able to ask about anything we wanted that was related to babies, pregnancy and motherhood, and there were a number of hilarious stories to say the least. While the mums were answering our questions, we were lucky enough to hold the cutest little babies! The session continued without a hitch – apart from when Harrison ran out of the Performing Arts Centre, but that just reminded us that motherhood can be very unpredictable! After the mums had finished speaking, we were allowed some time to talk to them personally if we wished and to hold more babies, the youngest of which was five weeks old and the oldest was four years old. Overall, we had a great time and I can say that no students wanted to leave the presence the cute and entertaining children.

Yajnah Juggessur (Year 10 Student)
YOUTH CIVICS LEADERSHIP DAY

On Monday 16 May, Sanjita Ghimire and I were fortunate enough to participate in a camp program run by the Law Society of Western Australia based on youth civics and civil awareness. It was a wonderful experience to partake in and I felt that I took a lot away from the course. We started the day at the Supreme Court in Perth and spoke to refugee lawyers, listening to their stories. After morning tea with other like-minded Year 10 students, we spoke about Indigenous Lore and Western Law, and discussed how the two legal systems clash or cause difficulty in enforcing the law. Afterwards, we had a motivational speech from nine-time Paralympic Gold Medallist Priya Cooper, who shared her incredible story with us.

We then spent lunch with recently graduated lawyers, and were able to gain an insight into the extensive profession of law. After lunch we moved back to the courts and spoke with the Chief Justice, where we asked many questions about the profession and learnt the unique history of the buildings. He was a very charismatic and relatable man, wonderful to talk to. We then moved to the Old Courthouse Museum, and participated in a course focused on developing leadership skills.

Overall, the day was a fantastic experience, and I would greatly recommend participating in it next year if possible!

Oscar McDonald (Year 10 Student)

YEAR 8 NETBALL CARNIVAL

On Wednesday 16 May, 19 enthusiastic Year 8 and 9 girls attended the ACC Netball Lightning Carnival at Matthews Netball Centre, Jolimont. The girls competed well and showed excellent sportsmanship. Out of the 12 games played by both teams the students walked away winning all games bar two, an outstanding effort which highlights their talent. We were blessed with sunshine and blue skies which made the day thoroughly enjoyable for all attending. This continued on the bus ride home whilst the girls sang and laughed to Justin Bieber.

Miss L Alban (Coach)

YEAR 7 AND 10 SSWA NETBALL CARNIVAL

On Thursday 25 May, 11 Year 7 and 10 girls attended the School Sport WA Netball Carnival. We travelled to Wanneroo Netball Association where we competed against five other schools within our pools.

With most of the Year 10 girls never playing in the same team before, they worked extremely hard and continued to develop and improve on their skills throughout the day. By the end of the day the Year 10s managed to have two wins and three losses.

The Year 7 girls have had the chance to play together in the SASJ competition throughout Term 2 and on the carnival day it showed as they had good cohesion and worked well as a team. Holly Giles showed excellent leadership skills on the court and was very dynamic playing in multiple positions. Melody Mauveni was excellent in defence ensuring that we won the ball back on many occasions which meant we won many of our games. Teegan Lidster and Ava Walters were a well oiled machine in GA and GS positions. All girls contributed to the team’s success, winning three out of five games. It was a pleasure to coach these girls as they were happy to
play wherever they were needed and ensure that everyone had game time on court.
Thank you to all the girls for your amazing effort, enthusiasm and for representing the College with great sportsmanship. A special thank you to Brianna Sorrell and Kelsey De Luis for umpiring on the day and to the parents to came down to show your support.

Miss K Hughes and Mrs M Robinson- Coaches

SENIOR GIRLS SOCCER - SNC 4 V’S SETON 0
The team had to wait until Week 4 to play their first game, but the first round bye did no harm. They travelled away to face Seton College on what was a glorious afternoon for soccer. The girls had been training well in the lead-up to the game and this was reflected in their approach from the time on whistle. At the ten minute mark, Kaitlyn Fashho got on the end of a wonderful through ball and evaded two Seton defenders to score the first goal with a classy finish. Before long Kaitlyn had two goals and the team went into the half-time break with a valuable two-nil lead. The girls were not content with two goals and started the second half with an even more attacking formation. Rose Zeya showed off her brilliant scoring skills to slot a goal from close range, taking the lead to three-nil. Despite having a solid lead, the girls continued to run out the game and some fantastic work from the back four meant Seton’s opportunities were limited. The one scoring shot they managed was expertly stopped by resident keeper Liz S-D, so good it got feedback from the referee. In the last kickings of the match the coach thought the girls might take the pedal off the metal. Amelie, Princess and Tapu had other ideas, working together to switch the ball wide, where they found a free player in Kaitlyn. Ball at feet she hit the bottom left of the net, the Seton keeper standing no chance and Kaitlyn finishing the game on a well-earned hat-trick.
It was an impressive game from the girls, they demonstrated excellent skills and team-work and their hard running was rewarded with a convincing win.
The next game is Week 8 at home, spectators are more than welcome.

Miss S Fairhead (Soccer Coach)

NETBALL CARNIVAL
On Wednesday May 17, nine Year 11 and 12 girls participated in an Open Division Netball Carnival. The sun was shining and the sky was clear when we hopped in our little Hertz van and headed to Fremantle for our four games. Our first game (and first win) was against Kent Street High School. It was a great game to start the day and definitely got the girls all hyped up. Little did we know we were playing against a team of giants next. Our second game, against Mercedes, was definitely something to fear. Despite the fact that they were about three heads taller than all of us, we managed to put up a strong fight, with Elizabeth jumping 12 feet in the air to win the ball. The girls were not content with two goals and started the second half with an even more attacking formation. Rose Zeya showed off her brilliant scoring skills to slot a goal from close range, taking the lead to three-nil. Despite having a solid lead, the girls continued to run out the game and some fantastic work from the back four meant Seton’s opportunities were limited. The one scoring shot they managed was expertly stopped by resident keeper Liz S-D, so good it got feedback from the referee. In the last kickings of the match the coach thought the girls might take the pedal off the metal. Amelie, Princess and Tapu had other ideas, working together to switch the ball wide, where they found a free player in Kaitlyn. Ball at feet she hit the bottom left of the net, the Seton keeper standing no chance and Kaitlyn finishing the game on a well-earned hat-trick.
It was an impressive game from the girls, they demonstrated excellent skills and team-work and their hard running was rewarded with a convincing win.
The next game is Week 8 at home, spectators are more than welcome.

Alex James (Year 12 Student)

NOTICES

COLLEGE PHOTO DAY
College photographs will take place on Wednesday 21 June 2017 (Term 2, Week 9).
Each student will soon receive their own envelope for ordering school photos. This must be returned with payment on the day and given to the photographers. Please include correct money as change will not be available. Please do NOT send the envelopes or payment to the school prior to the day. Payment can be made by one student in the family and this should be noted on the envelope as requested. Students are to return the envelope even if they are NOT wishing to purchase the photos. Sibling photograph envelopes are available from Student Services and should be collected by the eldest child in the family. Family photos will begin at approximately 1:40pm in the O’Reilly Centre and students are required to meet with their siblings at the START OF PERIOD 5 ready for their photos.
It is important that all students are in attendance for their Class photo so please keep this day free from appointments. All

“Prepared For All Good Works”
students must wear their full College winter uniform on Photo Day even if they have sport. Please ensure that your child’s blazer is well presented including correctly coloured buttons. Spare blazer buttons are available from the Uniform Shop as well as from Heads of Houses. Girls need to wear white College socks (and NOT stockings or tights) to ensure consistency of appearance in the photographs. Your ongoing support in maintaining your child’s uniform and personal presentation standards is always appreciated. Please be aware these photos are used for official purposes, including the College Annual. As such, if your child does not meet College standards they are at risk of not taking part in school photos and hence their photo will not appear in this publication. A catch-up photo session has been booked for Wednesday 19 July 2017 (Term 3, Week 1) for students who were absent on the scheduled day. Photograph packages that have been paid for will be distributed through the school by the middle of Term 3. Please contact Roger D’Almeida (rdalmeida@norbert.wa.edu.au) if you have any queries regarding this matter.

Mr R D’Almeida (College Photograph Coordinator)

**INSTRUMENTAL LESSONS - COMMENCING & CEASING TUITION**

No student may commence or withdraw from instrumental tuition without a written request from a parent or guardian. To commence tuition parents must fill in the Application for Instrumental Tuition Form and return it to Music Administration. Once a student is enrolled for lessons he/she is then automatically enrolled for his selected lessons from term to term, year to year. In order to cease tuition without financial penalty Music Administration must receive written notice from parents by Friday 16 June 2017 to cease at the end of Term Two.

Ms K Freind (Admin Assistant - Performing Arts)

---

**Cinderella the Pantomime is coming to St Norbert College!!!**

We would like to invite the St Norbert College Community to be involved in our production of Cinderella, the pantomime. The production is being performed on December 1st and 2nd and will show off our beautiful new Performing Arts Building. Current students and staff are invited to audition, as are our ex-students. We would love to see as many people as possible in this production.

The auditions will be held in the Xanten Theatre on Saturday June 10th between 10am and 1pm for the chorus/ensemble roles. All current students are able to audition for these roles.

The principal characters’ roles will be auditioned on Saturday June 10th between 2pm and 5pm in the Xanten Theatre. All ex students and current staff are able to audition for these roles.

This is a pantomime so there will be singing and dancing involved. You will need to be prepared to sing for us at the audition. It is a pantomime so you don’t have to be the best singer in the world.

To find out more information and to book an audition time, please email Mrs Katherine Freind at kfreind@norbert.wa.edu.au

Later we will be asking for any member of the College community who would like to help backstage on the nights or who might like to help paint the set or build the set. Keep your eyes open for this.

We look forward to seeing you at Cinderella auditions on Saturday June 10th.

Miss K Hilton (Drama teacher)

---

**AFTER SCHOOL CODING CLUB**

Heaps of fun was had by attendees last Tuesday. If you’re interested in learning to code, then come along to the dojo on Tuesday afternoons, 3:30 – 4:15pm in the BP Forum. Just bring your laptop, and a sense of exploration. Due to the busy nature of Term Two with many other extra-curricular commitments, CoderDojo will run every SECOND week (even numbered weeks). Therefore the next Dojo event will be in Week 8.

Mrs S Mark (Head of Learning Area - Technologies)
SNESA Football Club – 11th Annual Br Pat Memorial Game

The 11th Annual Br Pat Memorial Game will take place this Saturday 3 June 2017, aligned with St Norbert Day on Tuesday 6 June 2017.

The commemorative matches for both grades pay tribute to the support provided by Br Pat to the SNESA Football Club throughout its 40 year history. Br Pat medals will be awarded to players judged best on ground for each game.

Come down, enjoy delicious food, refreshments and great company, and celebrate the life of a true community servant – Br Pat Doolan.

Reserves from 12.30pm  League from 2.30pm

Go SNESA!!!!
This year St Norbert College in conjunction with St Joseph’s Primary School are selling Entertain Books to help raise money for St Joseph’s Primary School.

Books can be purchased from Reception or as stated below.

**The NEW 2017 | 2018 Entertainment™ Membership is now available**

Time to renew your Entertainment Membership as your 2016|2017 Entertainment memberships are expiring on the 1st June.

Order your NEW membership today and help raise money for St Joseph’s Primary School

Or contact Natalie on [nbates@iinet.net.au](mailto:nbates@iinet.net.au)

20% of every membership contributes to St Joseph’s Primary School
St Norbert Day – Food Stalls:

**Beat the Rush** and pre-purchase your lunch for St Norbert Day!!!

- You will not have to wait in line.
- Pay for the lunch before the day and receive a token for the appropriate food stall.
- This will be available in the Year 10 area at lunchtimes from Tuesday – Thursday in week 7.
- All pre-orders will need to be collected before 12.45pm on the day or they will be resold.
- No refunds will be given for absences on the day as the monies raised go to charity.

- **Hamburgers** - $5
- **Sausage sizzle** - $2
- **Noodle Cups** - $2.50
- **Beef and gravy rolls** - $4.50
- **Ham & Cheese Yumbos** - $3
JULY Revision Program

F.A.Q

How can students be assured that what they have learnt at school will be addressed in the ATARget Program? The answer to this important question is really quite simple.

✓ The foundation of our revision classes is the Western Australian curriculum which is the same syllabus guide-lines used by the school.
✓ ATARget keep their classes small which allows students access to more one-on-one time with their teacher.
✓ We also send out a questionnaire to all families participating in the program before the classes begin, to find out exactly what topics and texts students have been studying, and this information is forwarded to the ATARget teachers for inclusion in their programs.
✓ This questionnaire also asks families to alert us of any specific weaknesses in the student’s knowledge that may have been identified by the school or the student so that specific area can be re-taught by the ATARget teacher.

**July Revision Program**

**A Successful Program**

Students attending holiday revision programs report that they feel more confident tackling assignments and are better prepared to sit their exams.

**Program includes:**

- **Study Skills:** This program contains 5 hours of teaching broken up into one hour a day for the five days. It focuses on units such as exam techniques, stress management, goal setting and time management.

- **Essay Writing:** The essay writing program consists of five hours of teaching broken up into one hour a day for the five days. It re-teaches students the structure of a critical essay and reinforces the importance of constructing a sound thesis and topic sentences, and revises how to include evidence to justify these claims.

- **Subject Revision:** These classes consist of ten hours of teaching broken up into two hours a day for the five days. The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt in Semester 2 will be assessed in their final year exams.

**Exam Preparation**

The classes focus on specific topic revision followed by a discussion on how this material is assessed in exam style questions. There is sufficient time within the ten hours for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own answers. All our senior school teachers have significant marking experience and know what needs to be addressed to ensure students success in exams.

Career Events

Urgent News Matters

25 – 28 MAY Careers Expo

The Careers Expo is one of the biggest events on the careers calendar. You will find representatives from:

- Universities
- Vocational Education and Training providers
- Industry
- Professional and para-professional organisations

It is on at the Perth Convention Centre on:

- Thursday 25 and Friday 26 May 2017: 9:00am to 3:00pm
- Saturday 27 and Sunday 28 May 2017: 10:00am to 4:00pm

Entry is Free. For more information go [HERE](#).

31 MAY Applications Close for 2018 National Youth Science Forum

The National Youth Science Forum takes place in Canberra in January each year. Watch the video [here](#).

As Rotary Clubs make the selections from candidates for the Forum you may be too late for 2018 but if you are in Year 10 you could start researching the opportunity now. See more information [HERE](#).

NYSF EQUITY SCHOLARSHIPS

If you’re thinking about applying for the NYSF 2018 Year 12 Program but cost is a barrier – our equity scholarships may help you on your way. The scholarship will award up to 40 students $1,000 each towards their fee to attend the Program. See more information [HERE](#).
31 MAY 6.30 Curtin Commerce Information Evening

Want to find out why Curtin Business School is THE place to study business? Learn more about Curtin's Bachelor of Commerce, including the wide range of business specializations, industry connections, innovative teaching facilities and internship opportunities, by attending our Commerce Information Evening.

Register your interest HERE

31 MAY International Students Applying for Assured Medicine Pathway UWA

International students who wish to apply for an Assured Pathway place at University of WA for 2018 needs to apply through the UWA International Centre by 31st May.

Students must have undertaken the ISAT test prior to applying to UWA.

2 JUNE - UMAT Registration Close

UMAT applications close on 2 June. Students who wish to apply for medicine at Curtin University or the Assured Pathway offer for medicine or dentistry at UWA or in another state will need to register for UMAT.

See Getting into Medicine in WA for information.
**Important**

**6 JUNE 6.30 ECU Pizza Nights for Year 10s Joondalup Campus**

Choosing your subjects for Year 11 and 12 is a lot harder than ordering a pizza. Fortunately, we can help you do just that – and we'll order the pizza too!

Our Year 10 Pizza Nights will help you – and your parents – think about what to study by showing you the courses we offer across our eight study areas. We'll also talk about uni entry pathways and how this relates to your Year 12 results.

And if you get here early, you can join a short tour of the campus. You can register [HERE](#).

**6 and 7 JUNE 6pm Curtin Information Sessions**

These events are for Years 10 – 12 students and their families.

They help demystify university preferences and the TISC process. You'll have plenty of opportunities to speak with Curtin experts from admissions, scholarships, university support services and faculties.

Building 210, room 101, Elizabeth Jolley Lecture Theatre, Bentley Campus, Curtin

You can find out more and register for this event [HERE](#).

**8 JUNE, 6.00pm ECU Media, Communications, Arts and Design, Mount Lawley Campus**

Meet with lecturers and students to find out more about the range of media courses available through ECU.

You can register [HERE](#).

**12 JUNE 6pm ECU Business and Law Information Evening Joondalup Campus**

If you’re thinking about a business course or studying Law, or maybe both, you won’t want to miss this session.

You can register [HERE](#).

**12 JUNE Registrations Open for RoboCup Junior WA**

RoboCup Junior Australia is a project-oriented educational initiative that supports local, regional and international robotic events for young students.

The RoboCup Junior WA state event returns to Curtin Stadium on Friday 4 and Saturday 5 August.

Registration for the event will be available [HERE](#) from 9am on Monday 12 June.
14 JUNE Murdoch Community, Culture and Global Issues Careers Evening

Meet our Academics and learn about undergraduate course opportunities and careers working with local and international organisations, governments and communities; from roles in tourism, events and community development, through to politics, international aid and much more!

Future Student Officers and Academic staff will be on hand to answer course enquiries, questions on admission and application requirements, as well as support services.

Register [HERE](#).

15 JUNE 6.00pm Pizza Night for Year 10s South West (Bunbury) Campus

For Year 10 students trying to choose subjects for years 11 and 12. Please bring your parents too!

You can register [HERE](#).

June 21 Murdoch Engineering and Information Technology Careers Evening

Join us for our inspiring and informative Engineering and Information Technology Careers Evening, and find out how our courses can lead you into a fulfilling career.

Hear first-hand from our leading Academics about what to expect whilst studying your degree; learn about combining majors and degrees to maximise your employment opportunities; hear from industry professionals

Find out more and register [HERE](#).

Notre Dame University Symposium Program

Teachers can book school groups into the Notre Dame Symposium program.

The full day programs provide students with an insight to university life as lectures and workshops link the school curriculum to Notre Dame Courses:
22 June 6 – 7.30 pm WAAPA Arts Management and Live Production, Mount Lawley Campus

Are you interested in Arts Management and Live Production specialising in costume, design, lighting, props and scenery, stage management and sound? Talk to specialist academics and Student Recruitment Staff at this ECU information evening. Register HERE

26 – 30 JUNE - ECU Short Courses for Credit

ECU’s School of Arts and Humanities invites senior secondary students to join our Short Courses for Credit Program. These FREE courses are designed to introduce high school students to university life, offer an engaging, hands-on experience in a discipline of their choice and give them a head start at university!

Our Short Courses are aimed at motivated year 11 and 12 students who have an existing interest and passion for the Arts and/or Media. These week-long specialist courses cover areas of study offered at ECU, promoting aspirations for tertiary education.

Students who pass the requirements of these courses will receive Advanced Standing (credit) for a
first/second year unit once gaining successful admission to an applicable ECU undergraduate course.

Where: ECU Mount Lawley Campus, 2 Bradford Street Mount Lawley
To submit a registration form visit: www.ecu.edu.au/sah-short-courses

27 June 6.00pm - 7.30pm Teacher Education Information Evening Joondalup Campus
Find out why Teaching is popular at ECU and experience our well-equipped School of Education.

When: June 28, 2017 Murdoch Health Careers Evening
Join us for our inspiring and informative Health Careers Evening, and hear about how our courses will lead you into a wide range of fulfilling careers in the Health industry.
Hear first-hand from our leading academics about our courses and what to expect while studying your degree; learn more about Murdoch's unique practical experiences.
Register HERE

28 JUNE Seminar on the Pros and Cons of Elite Sport Careers
Target Audience: State and National representative athletes across all sports.
I will examine the good and bad of elite sport and challenge the athletes' perspective on whether they are equipped to reach world class standard.
Areas I will look at include money and fame, commitment and balance, pressure and disappointment, life after sport.
Venue: Christ Church Grammar School Time: 7:30pm
Register HERE
Thanks for the info Julie Bertolucci from Sacred Heart.

Forward Planning
3 – 12 JULY Notre Dame Course Advice Session
Notre Dame offers a wide range of courses and consistently scores well on student satisfaction surveys. You can find out about the courses, academic support and pastoral
care that Notre Dame provides and chat with academic staff and current students at this
Information Evening

Where: Notre Dame Corner of Croke and Mouat Streets, Fremantle
Select a date to attend HERE

July 13-14 Two Day Stay – Day in the Life of a Uni Student at Muresk

Year 11 and 12 students can experience life as a Bachelor of Agricultural Business Management student at Muresk Institute farm campus near Northam.

The event provides information about the agriculture and agribusiness industries, gives students the opportunity to interact with current and past graduates as well as an outline of the degree. They will also take part in several university level activities.

Contact: T: 08 9622 6789 | M: 0427 440 371 E: Daisy.franz@crtafe.wa.edu.au

14 July Notre Dame A Day in the Life of a Uni Student

Discover what it is like to be a uni student at Notre Dame Fremantle Campus.

Register HERE

Campus Tours

➤ Murdoch Take a tour of campus

School students and families book a guided tour of our learning areas and facilities. We run tours twice a week:

- Mondays at 5 to 5.45pm
- Thursdays at 12 to 12.45pm

Contact us HERE to book a campus tour.

➤ Notre Dame Campus Tours

If walls could talk ... Experience Notre Dame's Campus in Fremantle's historic West End. Hear the stories of the buildings in times past and how they became home to Australia's first national Catholic university.

When: Available every Friday at 11am Approximately 1 to 1.5 hours.
Location: Vice Chancellery, ground floor foyer 19 Mouat Street, Fremantle
For more information and to reserve your place, please phone 08 9433 0555

➤ 06 July 11.00am - 12.00pm Campus Tour ECU South West (Bunbury)
Join your tour guide and check out the facilities on-campus and in some of our schools.
https://www.ecu.edu.au/future-students/events/campus-tours

➤ 11 July 11 am – 12 noon Campus Tour ECU Mount Lawley
Join your tour guide and check out the facilities on-campus and in some of our schools.
Mount Lawley Campus  Tuesday,
11.00am - 12.00pm https://www.ecu.edu.au/future-students/events/campus-tours

➤ 12 July 11.00am - 12.00noon Campus Tour ECU Joondalup
Join your tour guide and check out the facilities on-campus and in some of our schools.
Joondalup Campus  Wednesday,
https://www.ecu.edu.au/future-students/events/campus-tours

➤ 14 July 9 – 11am UWA Campus tours
Current UWA students will take you on a tour of our campus, giving you an insight into what it’s like to be a student at UWA. Join us for an informal morning tea after the tour. Our Future Students team will also be available to answer questions on courses, entry requirements and the UWA student experience.
Register HERE
Year 12

School Curriculum and Standards Authority

This IS NOT a good read.... UNLESS you actually need to know something about school curriculum and standards.

If ATAR, WACE and WASSE are a mystery to you, read this document or contact one of the senior teachers at your school. They are experts in this stuff.

You can download the Handbook HERE, which is worth doing. Apart from the rules and standards you can:

- See P 37 for how to do well on exams
- See P 40 for study tips.
- See P 58 for Preparation for Exams
- Exam Timetable for 2017

SCSA has a Facebook page for Years 10, 11 and 12, their parents, teachers HERE.

Teachers can go HERE for SCSA Facebook information.

Important 2017 dates and the Exam Timetable can be accessed from page 31.

Vocational Education and Training

TAFE Fees Frozen

The new State government has frozen TAFE fees.

Yay!!! Given the skyrocketing cost of VET courses in 2016 this is welcome.

"At a time of economic stress and a soft labour market, we should be encouraging people into the training sector." Minister Ellery said.

"The previous government's TAFE fee increases put TAFE out of reach for many Western Australians."

Many Training Courses Lose Priority Status

The Commonwealth Government has taken a number of jobs off the priority Skilled Migration List and the Western Australian Government is doing a review that will replace the current list.

IN THE MEANTIME.... Where there is a shortage of skills in Western Australia funding for training in those skills is most highly subsidised.

Information about the current State Priority Occupations can be found HERE.
You can see the Employment forecasts by industry [HERE](#).

![Employment forecasts by industry for Western Australia (in 000s)](#)

**Work and Career Tours Available**

Year 10 – 12 students interested in industry tours in:

- Cabinet Making
- Furniture Making
- Textile Fabrication
- Fashion Design
- Dry Cleaning
- Glazing
- Glass Processing
- Clothing production
- Soft Furnishings

FREE tours can be arranged in a number of workplaces. Images of industry visits by schools are available [HERE](#).

For information on the range of visits available and to book your school tour phone: 08 9361 2800 Email: admin@fftitrainingcouncil.com.au

**Sites for Finding Apprenticeship Opportunities**

Senior students are starting to look for apprenticeship opportunities.

This table lists some of the sites where students can look for apprenticeships.
Organisation | Site Address
--- | ---
Austal Trade Apprenticeships and work experience opportunities | Look HERE
Seek | Look HERE
Indeed | Look HERE
Jora | Look HERE
Bricklaying | Look HERE
Adzuna | Look HERE
Skillsroad | Look HERE

Not sure what apprenticeship would suit you?

Try the [Skillsroad career quiz](#) or the [Harrison Online Career Assessment](#).

**Uni News**

**Connections with Universities**

Curtin University has launched a series of workshops, seminars and summer camps for high achieving secondary school students, designed to develop strengths in innovation, creativity and entrepreneurship.

The Curtin Achievement Centred Engagement for Students (ACES) program has been trialled throughout 2016 with students from Curtin’s Innovative Schools Consortium (ISC) – an initiative building innovation within diverse Western Australian schools.

To become involved, schools enter into a Memorandum of Understanding (MOU) with Curtin and then nominate students to participate in the ACES program.

The MOU and participation in ACES programs can be tailored to the needs of all schools, including those in remote and regional communities.

To find out more and to get involved, contact Dr Melissa Langdon, Manager of Partnerships and Pathways via [entry_pathways@curtin.edu.au](mailto:entry_pathways@curtin.edu.au).

**Notre Dame Fremantle Campus Early Offer Program 2017**

The University of Notre Dame Australia introduced the Early Offer Program in 2006 to acknowledge and reward the achievements of outstanding Year 12 students by simplifying their access to courses at our University. One of its benefits to the recipients has been that it has allowed them to face their final WACE examinations with reduced stress and added confidence.

Get the [Early Offer Program Booklet](#)
Applications must be submitted by Friday 29 July 2016.

If applicants have any queries regarding the Early Offer Program, please contact the Admissions Office on 08 9433 0537 or email admissions@nd.edu.au.

Notre Dame Scholarships
Details of 10 undergraduate scholarships at Notre Dame can be found HERE

UWA High Achievers Program
I have been waiting for news from UWA about their 2017 High Achievers program. I ended up getting this response:

_Thank you for contacting UWA regarding High Achievers Program. It is unlikely this program will be run in 2017._

Curtin Teachers' Big Day Out
Curtin’s bright new shiny things were explained at the Teachers' Big Day Out on May 8th.

It has 58,000 people studying at Curtin....that's bigger than Bunbury! And they are designing the Bentley campus like a city.

There is a new road going through the centre of the campus, they are building 1000 new accommodation units for students, visiting academics and industry partners, they have food vans and entertainment.

It is modern and cool and has an enviable academic reputation.

Vice Chancellor Deborah Terry said the 30% international student population is a great advantage as that helps prepare students to work in a global market.

Curtin Eco Challenge
The Eco Challenge is a free online UN Environment Programme game organised by Curtin Uni.

There are two players per team and they play to align the demands of government, commerce, health and industry to manage a water supply.
Kent St and Rossmoyne High Schools are among previous winners. Now the Eastern States Schools are entering the Australian competition!!

The competition is structured in two tiers - national and international. Teams are ranked nationally and top teams will be acknowledged in the international competition.

For more information go [HERE](#)

**Curtin Civil and Mechanical Engineering**

Civil and Mechanical Engineering was showcased via their link between Curtin and the NASA Jet Propulsion Unit where one Curtin student gets an internship each year.

The Jet Propulsion Unit created the **Hedgehog** robot that rolls and tumbles in micro-gravities. The student who had recently returned from the internship was VERY excited about the top secret research work he had been doing on lightweight, agile drones.

These guys were geeks. They told us to check out the Earth through Saturn’s rings as photographed by the Cassini probe. Awesome photos.

Curtin also works with NASA on the **Fireballs in the Sky** project that encourages people to download an app and start recording meteorites as they see them.

**Curtin Business School**

I clearly didn’t understand the prestige associated with the Curtin Business School gaining accreditation from the Association to Advance Collegiate Schools of Business. It was clear that it is a **VERY BIG DEAL**.

The CBS covers courses from Commerce to Law and Marketing. There is such a big range that can be seen [HERE](#).
**Curtin Health Sciences**

This presentation got taken over by people focusing on getting into medicine. I have written about Curtin's Bachelor of Medicine, Bachelor of Surgery [HERE](#).

There is strong uptake of students doing [Oral Health Therapy](#) with students getting jobs even before they finish their degree. Physiotherapy graduates get full time work pretty quickly while some other graduates take longer to find a full time position.

**Curtin Humanities**

The bright new shiny thing in the Humanities Department is the [Animation and Game Design degree](#).

There is [portfolio entry](#) to most humanities courses if you can demonstrate equivalence to Curtin's ATAR entry through the submission of a portfolio that evidences your academic achievements, qualifications and ability.

**Curtin Engineering**

The key message about engineering is that you need to have Maths Methods to ATAR level and at least one of: Chemistry ATAR, Physics ATAR, Engineering Studies ATAR or equivalents.

There will be early entry applications to engineering this year. This is apparently to occur across all engineering faculties in WA for 2018 entry.

Applications use predicted ATAR scores and acceptance into a place at Curtin is conditional on actual ATAR scores meeting minimum requirements.

**10/10 for a Great Day Out for Teachers**

You can get a copy of the Teachers’ Big Day Out presentations [HERE](#).

Aboriginal and Torres Strait Islander Students

Australian Indigenous Mentoring Experience Virtual Program

AIME is assisting its Indigenous mentees to progress through school, complete Year 12 and transition to university, further education, and training and employment.

For information about the program go HERE.

Mandalah

Mandalah provides accommodation and support to Aboriginal and Torres Strait Islander students in Perth and Broome.

Go HERE to find out about:

- scholarships,
- finding a mentor
- getting industry support
Aboriginal Workforce Development Centre (AWDC)

The AWDC is seeking to support Aboriginal and Torres Strait Islander students across the state by working with schools, students and families. To find your local AWDC office go HERE.

Career Support for Students with Disability

Mentoring Services for Equity Groups Research

May saw the publication of research on mentoring programs for equity groups. The target group for the research was broad, including low SES category students going into university and women in non-traditional areas of study. The research identified some practical recommendations for mentoring programs. You can access the document HERE.

ProjectABLE

projectABLE is a free in-school program led by people with disability. We offer interactive disability awareness and career workshops for students in years 10, 11 and 12 across Australia. For more information go HERE.

Successful outcomes for students with disability in Australian higher education

This latest publication from the NCSEHE (National Centre for Student Equity in Higher Education) provides a valuable outline of existing research and recommendations for future research and suggested changes to policy and strategy for both government and the higher education sector relevant to a large and rapidly increasing cohort of students. Find out more about the research HERE.

Regional and Remote Students

Careers Centres

The State Government funds careers centres in regional and remote centres throughout Western Australia where school students and adults can get FREE career information and advice. Find your closest Careers Centre HERE.
**Derby Boy an Inspiration**

15 year old Raymond Henry is one of 23 Australian students selected to visit the USA in September for the One Giant Leap Program.

Wooo hooo. Can't believe he did that from DERBY!!

The group will travel to the US Space and Rocket Centre and the Californian Science Centre in September, to learn about aerospace science and the lives of astronauts.

Redmond has an interest in computer engineering and programming and thinks that will be his career.

**Opportunities**

**July School Holiday ATAR Revision Program**

Year 11 and 12 revision programs are being conducted during the July holiday break. **Week 1: July 3rd - July 7th  ** **Week 2: July 10th - July 14th**

**Pinnacle Scholarships for LGBTI Young People**

Scholarships will be provided for 16-24 year old LGBTIQ students who desire to undertake full-time education in their final year at a public or private secondary school or public institution of higher education in Australia. It will be for the purpose of gaining an educational or vocational qualification in any profession, trade or the arts.

Find more information [HERE](#)
Career advisors

Teaching Resource for Career Practitioners

A number of teachers have asked for Australian teaching resources.

This publication from the Career Education Association of Victoria introduces general information then goes to provide over 100 pages of:

- Programs,
- Sample lessons, and
- Worksheets.

Database of Career Resources

Sarah Cooke from Lake Joondalup Baptist College ran the Careers and Enterprise Teachers’ Workshop in early May. She said careers teachers enjoyed the opportunity to network with other careers teachers. She pointed me to her Padlet wall of careers teaching resources HERE. Find a Padlet tutorial HERE.

She has an active database or ATAR Career and Enterprise resources at:

http://www.livebinders.com/play/play?id=299156&backurl=/shelf/my

New VET Videos and Case Studies

A series of new videos and case studies that highlight best practise in delivering vocational education and training (VET) in secondary schools is available on the Preparing Secondary Students for Work (PSSFW) website.

The videos cover a range of school settings across metropolitan, regional and remote areas and include a range of industry sectors.

The Career Book of Southern Queensland

This is a resource from 2015 that Jayne Duncan from Wesley, directed me to last year.

It is a PDF that contains:

- Information
- Links to career information
- Worksheets.

You can download it HERE or search for The Career Book University of Southern Queensland.
Career Development Meets Artificial Intelligence

What you share on Facebook and Twitter, what you buy, even how many steps you take and how much you sleep, is building a dataset about you.

Individual data bases can be collated across the cloud to deliver a big dataset about you.

Algorithms that are loosely based on patterns in a nervous system are emerging. These algorithms are starting to analyse your data to define relationships across your unrelated bits of information and predict how you will act.

Your data on FB, Twitter, Smartrider, Fitbit etc

Your data aggregated on the cloud

Your unlabeled data processed by algorithms

Your future behaviour predicted

As the algorithms become more sophisticated we will be able to generate career predictions that are more accurate than any traditional career quiz that doesn't use big data.

Apply Magic Sauce is an example of psychometric testing that is being trialled by Cambridge University using your Facebook and Twitter data.

It uses the OCEAN model that Donald Trump's campaign used as a model for targeting their election marketing.

I tried it.

My test results showed me to be a 32 year old, relaxed, artistic type with a strong interest in being creative! NAILED IT!!
**Worlds of Work Program**

This is a really comprehensive set of resources that connects students with life beyond school by investigating the question: “What does it take to succeed in life and work?”

This program delivers a pedagogy as well as a set of teaching resources including assessment tasks. Click [HERE](#) and go deep for more and more resources.

**In Focus Blogs**

**21st Century Careers**

Being human could be your biggest selling point when seeking a job in a world where artificial intelligence and robots are taking over.

Find out more about seeing career opportunities in today’s challenges [HERE](#).

**Getting into Medicine at Curtin**

Curtin is the only university in Western Australia to offer direct entry to the Bachelor of Medicine and Bachelor of Surgery in Western Australia and competition for places is fierce. When the Medical Information Evening presentation room filled to overflowing visitors were directed to a large lecture theatre and when that overflowed visitors were directed to a large outdoor screen. You can find my summary of the evening [HERE](#).

**They are Taking Secondary Teachers’ Jobs**

At the Murdoch Career Advisors Day we were told that universities are becoming more flexible but schools are not. This post explores some of the inroads being made to traditional school and teaching roles as universities go around the ATAR to offer university places to school students.

Read more about that [HERE](#).

**Calendar of Career Events**
