Prayer
SOLEMNITY OF CHRIST THE KING
Almighty and eternal God, Jesus Christ,
the first born from the dead,
you have granted everlasting dominion
and a kingship that shall not pass away.
Remove from us every desire for
privilege and power,
that we may imitate the sacrificial love
of Christ our King and,
as a royal and priestly people,
serve you humbly in our brothers and
sisters.
Amen

Dear Parents, Guardians, Students and Staff of St Norbert College
The full school assembly to mark Remembrance Day on Friday 11 November was a moving and reflective experience thanks
to Ms Pisconeri and the Humanities students. This year’s theme reflecting on the efforts of the many women who supported
our men in war was very enlightening.

A full College assembly followed the Remembrance Day ceremony, including a special guest
Mr Travis Doyle from the Royal Life Saving Society of WA. Mr Doyle was at our College to
make a special presentation to Rhys Abernethy, Year 10. Rhys was presented with a Royal
Lifesaving Bravery Award after saving an adult family friend from drowning in Esperance on
a family holiday just after Christmas last year. Both Travis and Rhys spoke of the importance
of learning to swim and to administer first aid. Rhys demonstrated humility, maturity and
courage beyond his years. Congratulations Rhys on an award well-deserved.
Friday night was a fabulous night of fun and community building at the Space Camp Fashion
Show fundraiser. The fashion items were paraded by a mixture of courageous students,
younger siblings and staff. Thank you to all staff and students involved, in particular Mrs
Bridget Murphy for her creative idea and coordination of the event. We were blessed to
be entertained by high class dancing and singing in addition to a former student and Mix
94.5 presenter who popped in after work and added to the atmosphere. The College Space
Camp is scheduled for April in 2017.

REMINDEERS
• Thursday 1 December - Year 7/2017 Orientation
  Day, 9.00am - 3.10pm, and Placement Test catch
  up, Brother Patrick Forum, 3.10pm - 4.10pm
• Monday 5 December - Years 7-9 Thanksgiving
  Mass, St Joseph’s Church
• Friday 9 December - Last day of Term Four
• Friday 16 December - College Administration
  closes 12.00pm
• Wednesday 1 February, Term One starts, Year 7,
  new Year 8-10 students and Years 11 and 12.
Although this is not the final newsletter for the year when I would normally announce staff changes for 2017, the students were informed at the assembly last week before the Year 10 students commenced exams and departed for Christian Service and Work Experience. In 2017 we have a number of staff on leave and scheduled to return in 2018:

- Miss Marsh
- Miss Pisconeri
- Mrs Garton
- Ms Rainford
- Dr O’Reilly

In addition to the staff changes mentioned above, Mrs Erica Dorfling commences parental leave for two years and may return in 2019. One staff member who is leaving permanently is Mr Mark Pavy, Head of Physical and Health Education. Mr Pavy has served the St Norbert College for 14 years and will be greatly missed. Mr Pavy has been appointed to a leadership position as Dean of Academic Studies at Seton Catholic College. We will formally farewell Mr Pavy at the end of the year.

The staff on leave has provided an opportunity to extend leadership positions to other staff. The following staff have been appointed in key leadership positions:

- Dean of Studies 2017: Mr Scott Hodgen
- Head of Madgeburg 2017: Mr Patrick Ah Fong
- Head of Xanten 2017: Mr David Lyons-Nash
- Head of Tongerlo 2017 and 2018: Mr Bronson Gherardi
- Head of Humanities 2017 and 2018: Dr Alberto Runco
- Head of Physical and Health Education: Miss Mel Gore

Last week we received exciting news about the arrival of Elio Dominic Brew, Mrs Carla Brew’s first child. Mum and baby are doing very well after an eventful first few days as they were evacuated from the hospital due to a fire when Elio was only five hours old. In late September Mrs Regina Burke also welcomed her first child Darragh. We look forward Elio and Darragh visiting the College, hopefully in Term Four.

We wish Miss Mel Gore all the best as she is getting married in early December and will return in 2017 as Mrs Robinson. Mr Matt Price is also getting married during the first weekend of the school holidays in mid-December.

We hope that the Year 7 Class of 2017 is looking forward to Orientation Day on Thursday 1 December. For the purposes of planning for 2017 and informing our families on the waitlist, please inform the College as soon as possible if your child will not be returning to St Norbert College in 2017.

Throughout the next few weeks many students will undertake examinations starting with the Year 11 examinations which are currently underway and followed by the Year 9 and Year 10 examinations. I ask parents to please supervise your teenager’s study and homework schedule to ensure they achieve to their full potential.

Please place in your diaries the final compulsory event for the College calendar, the Year 7-9 Thanksgiving Mass on Monday 5 December. I look forward to your attendance as we celebrate another successful year as a community.

God Bless
Mrs A Morey (Principal)

BUS SERVICE CHANGES FOR 2017

In 2017, there will be some changes to the St Norbert College school bus service routes with an additional service commencing to High Wycombe, Forrestfield and Wattle Grove. Amendments have been made to all routes except Canning Vale, to cater for new students and projected growth. If your child currently uses the school bus service, please check the new timetables for any changes. The changes have been worked through in consultation with our supplier Horizons West. We hope the changes cause minimal inconvenience. http://www.norbert.wa.edu.au/Bus-Service/

Should you have any questions please do not hesitate to contact the College.

Mr C Richards-Scully (Community Relations and Marketing)
**YEAR 11 INFORMATION**

| Monday 21 | All Year 11 students with ATAR courses are to return to the College to review their exams. They will be here for the whole day attending class including any General class they may have. |
| Tuesday 22 | Year 11 ATAR students complete their review of the exams. They will be here for the whole day attending class including any General class they may have. |
| Wednesday 23 | Non-school day for all Year 11 ATAR and General students |
| Thursday 24 | Non-school day for all ATAR and General students |

**YEAR 11 FINAL DAY ARRANGEMENTS - FRIDAY 25 NOVEMBER 2016**

Students are welcome to make appointments with Mr Nield for Subject/Pathway changes for 2017 if they have now met all the Minimum Entry Requirements. Students who no longer meet the Minimum Entry Requirements for courses will be reviewed by Mr Nield and appointments will be made to change pathways prior to school commencing in 2017.

Mr D Nield (Deputy Principal)

**YEAR 10 INFORMATION**

All Year 10 students will be on exams from Monday 21 to Friday 25 November. Any students not attending exams must have a medical certificate and call the school on the day of the exam. All Year 10 students are expected to return to school on Monday 28 and Tuesday 29 November to review and check their examinations and to ensure all requirements are met before leaving for Christian Service Learning and Work Experience placements commencing on Wednesday 30 November. Year 10 students attending the Student Leadership Planning Days will need to collect all their exams on Tuesday 29 November.

**YEAR 10 FINAL DAY ARRANGEMENTS - TUESDAY 29 NOVEMBER 2016**

Students are welcome to make appointments with Mrs Quinn for Subject/Pathway changes for 2017 if they have now met all the Minimum Entry Requirements. Students who no longer meet the Minimum Entry Requirements for courses will be reviewed by Mrs Quinn and appointments will be made to change pathways prior to January 2017.

Mrs N Quinn (Deputy Principal)
EXAMINATION PREPARATION WORKSHOPS

Year 11 Mathematics Methods and Specialist students had the opportunity to attend workshops to assist in their Semester 2 exam preparation in Week 4 and Week 5 this term. Thanks to Ms Teo and Mr Nuske who assisted, giving their valuable time to run the after school workshops. Students were happy to attend these workshops and here are some of their views:

Mathematics Methods

“The academic excellence for methods was also really helpful. Similarly, you would be provided with a load of different questions, which comes with solutions. Once again, the teacher(s) there are able to help students that do not understand a question.” - Gabriel Nge

“The methods course workshops proved to be a great aid for me leading up to the exam. Especially with Unit 1 as it contained a lot of topics. The workshop helped me revise the entire unit again and its components.” – Jimmy Ton

Mathematics Specialist:

“The academic excellence program for the Year 11 mathematics specialist classes were really helpful. We were given a booklet with lots of exam style questions, which is really helpful as there is always a lack of exam style resources when trying to practice for exams. Although the fully worked out answers to all the questions were provided, the teachers were also available at all times via e-mail, or in the morning/evening before/after school in case any student could not understand a question. Overall, I feel that it was really helpful with my revision for the specialist exam.” - Jasdeep Jutla

“A quiet and comfortable place where one could study with concentration. The fact, that a teacher would come around to each student when they had a problem with a question to help individually, is very helpful. One-on-one help like this is what is needed currently at Specialist level. Thank you so much for the math workshops.” – Cindy Moh

2017 SIMPSON PRIZE QUESTION

2017 Simpson Prize Question is a national competition for Year 9 and 10 students. This competition encourages all participants to focus on the significance of Anzac Day and to consider what Anzac Day means to them and to Australia.

This term, four of our Year 9 Humanities Extension students entered this competition. They had to write an essay on “The experience of Australian soldiers on the Western Front in 1916 has been largely overlooked in accounts of World War One.” Congratulations to Millenium Paneru, Dawn Saji, Ana De Veyra and Dylan Wemyss for their participation. The winners will be announced in April 2017. Thanks to Dr Runco who offered his weekend time to read the essays before submission.

BULLYING AND CYBERBULLYING

Bullying can happen at any point in our lives and is never easy to deal with – whether you’re 14 or 40. Although bullying tends to become less common as young people mature and move through adolescence, it can be hugely damaging when it does happen.
Bullying can take a number of forms, ranging from ongoing teasing and verbal abuse through to social exclusion and physical assault. As children get older, bullying can become less overt – and harder to spot as a result. It can also move online (cyberbullying), which happens at least every few weeks to about one in 10 young people.

Experiencing bullying can leave young people feeling alone, worthless, sad and angry, and can add to their worries and life stress. If it continues over a long period of time, bullying can lower a young person’s self-esteem and be a risk factor for anxiety, depression and suicide.

A young person who is being bullied or cyberbullied might:

- refuse to go to school – or wherever the bullying is happening – or make excuses not to go
- suddenly receive more messages than usual via text or social media
- be more unhappy or anxious than usual, especially before or after school, sport or wherever the bullying is happening
- seem unhappy or stressed after they’ve been on their phone or computer
- become more isolated – stop hanging around with friends or lose interest in school or social activities
- start doing poorly at school
- come home with damaged or missing belongings, or physical injuries
- have trouble sleeping
- complain about having headaches, stomach aches or other physical problems.

There might be other reasons for some of these signs in your teenager, so it’s best to talk together about what’s going on and any changes you’ve noticed.

Raising the issue

If you suspect a young person you care about is being bullied, it can be hard to know how to raise it with them. Some young people try and hide what’s happening, or feel ashamed, afraid or might not want you to worry or make a big deal. Often young people just want the bullying to stop without confronting the issue or drawing attention to it.

They might find it uncomfortable discussing their feelings and emotions openly with you, or get angry and defensive when you ask if they’re ok. Try to stay calm, and realise you may need to raise the conversation in different ways over time to get a response.

How to talk about it

What you can do to help

- Reassure your young person that you’re in this together.
- Help them come up with a plan to respond to and cope with the bullying.
- Encourage them to talk openly about what’s happening and how this is making them feel. You could suggest they see a health professional to talk things through.
- Come up with some practical steps and strategies together – who they can talk to at school/work/sport and what they can do when the bullying is happening. OurYouthbeyondblue bullying and cyberbullying fact sheet has some tips to help you.
- The Youthbeyondblue website also has links to a number of anti-bullying resources you can work through together.

The remainder of this article can be viewed at: https://healthyfamilies.beyondblue.org.au/age-13/raising-resilient-young-people/bullying-and-cyberbullying

The Pastoral Care Team

“Prepared For All Good Works” 5
YEAR 9 ITALIAN “GNOCCHI” LUNCH
On Friday 4 November we were fortunate enough to have Mrs Barbaro visit our class to teach us how to make the traditional Italian gnocchi (potato and flour dumplings).

Mrs Barbaro explained the steps needed to make gnocchi, which included: mashing up boiled potatoes (patate), followed by mixing them with plain flour (farina) and adding two egg yolks (rossi d’uova). Then you knead (impastare) the mixture into a dough and cut it up into small pieces, which are then rolled onto a ‘gnocchi board’ to form a curled shape. They are then cooked in boiling water until they rise to the surface and then served with a ragù (mince/bolognese) sauce.

It was a delicious and informative ‘experience’ and we are extremely grateful to Mrs Barbaro for her time and generosity. Grazie!

Year 9 Italian Language Students

RESEARCH PROJECT: MULTIPLE-CHOICE ITEMS TO TEST PROPORTIONAL REASONING.
Students in Year 8 Mathematics will be asked to participate in a research project being conducted by Ms Joan Burfitt, a student at The University of Western Australia. This will take place on Monday 5 December. The research will involve students completing an online test of 30 multiple-choice items, which assess skills needed for the development of sound proportional reasoning.

Parents and students will receive information letters soon. Please take the time to discuss participation in the research with your child. If, after reading the letters you still have questions regarding the conduct of this research you can contact the researchers named in the correspondence or contact Mrs Murphy at the College.

It is important for St Norbert College and other schools to participate in research of this type. Research such as this, provides authors with further information about creating assessments and provides guidance for determining more accurate measures of student progress. Furthermore, our teachers gain new insights to the way students learn. With this knowledge we can provide better and more targeted teaching and learning opportunities for your children and those who will follow them.

Whatever decisions you and your child make to participate in this voluntary research, will be respected. If you do not wish your child to participate, please email your child’s Mathematics teacher by 21 November, 2016.

Mrs B Murphy (Head of Learning - Mathematics)
On 9 November the Year 9 HASS Extension students with Mrs Silva and Dr Runco went on an excursion to the Supreme Court and Parliament House, for the Politics and Law course. The following articles were written by two of our students:

When we arrived at the Supreme Court, Ms Davis welcomed us in the gardens before guiding us through the building. In the first courtroom, Ms Davis explained the different roles of those involved in a judicial process. Then we proceeded to another courtroom to watch a real-life case in session. We had to be very quiet, which meant the only thing you could do was to breath! Well, that’s an exaggeration, but the circumstances made it very much so. This courtroom was far more intimidating as everyone was dead silent, while evidence was disclosed by a public officer questioned by a lawyer. As we tiptoed out the courtroom, we made our way to the Old Court House, which was far smaller than the modern Supreme Court. Here we had a chance to role-play the “Charlie Wright Case”, which occurred in the 1800s. At times we may think politics and law to be boring, but this was a very entertaining lesson.

The Supreme Court is a beautifully designed building that can both be credited for its exterior and interior work. We walked through the building in awe, as everything looked aesthetically antique. After the Courts, our stomachs were growling so we had lunch on the gardens of the Constitutional Centre before entering the Parliament House.

By Chelsea Dato (Year 9)

When we walked into Parliament House, the grandeur of the building stood in front of us, from the numerous crystal chandeliers to the marble and precious wooden floors; this building screamed authority and elegance. The tour commenced with Ms Collins guiding us in the Legislative Council and outlining its history. The Upper House, adorned with deep red carpets and furnished in classic style, hosted the Senators who acknowledged our presence when we walked in. After some refreshments and an opportunity to take a group photo in the courtyard, we headed back to the top floor of the building to observe “Question Time” in the Lower House, which is still very elegant, but covered in green carpets instead. We listened carefully while the representatives of the Western Australian electorates debated controversial topics. Suddenly, a heated discussion filled the room. The debate was very unexpected as the representatives of Western Australian citizens seemed relatively quiet when we first took our seats. They became very passionate about the subject, while the speaker tried to keep control of the room by stating “Move forward, please!”. Question Time was very interesting, as most of us did not want to leave. Once back in the foyer of Parliament House, Ms Collins summed up our day before Mr Bill Johnston, the Representative of the electorate of Cannington, came to greet us. The tour was a great learning opportunity and we even enjoyed a stroll in the city.

By Yajnah Juggessur (Year 9)
On Friday, 11 November St Norbert College hosted an evening of Fashion, which was also an opportunity for our College Community to come together for an evening of lighthearted fun and entertainment. The aim of the fashion show was to raise funds for our **Space Camp And STEM Tour** to NASA, which is scheduled for April 2017.

Entertainment included Miss Hyland singing “Adele”, Ms Marsh Jazz Dancing and some Latin Dancing by Coen Best and Georga McEvoy.

Our enthusiastic sponsors included Nev from Noni-B (Carousel Shopping Centre), Fiona and Sharon from Windows Boutique (Carlisle), Beth from Ms Demeanour (Victoria Park), Anna from Twinkle Toes On The Go (Pheonix Shopping Centre, Spearwood), Brenda from Khazana Indian Fashion (Osborne Park) and Lisa from Intimo Clothing. We also had two special designers, both from St Norbert College, who really impressed us. Tamara Loo, a former student of the College showing her amazing designs “Not for the Weak” which were also featured at the New Generation show at this year’s Telstra Perth Fashion Festival 2016. Tamara has had her designs featured in the Sunday Times Magazine and is fast becoming a very successful force on the field of fashion. Another young budding designer, Grace Cunningham, currently in Year 12 at St Norbert College showcased her “Smart Piggy” and her “Frank Sinatra” collection. Watch out for Grace and her label “Smart Piggy”, her commitment and skill in the design world will certainly travel far.

A big thank you to all the students, staff and parents who supported the event in a multitude of ways including modelling, catering, selling raffle tickets, organisation of the outfits and behind the scenes support.

Mrs B Murphy (Head of Learning - Mathematics)
SERVING AT HOME – YEAR 8

By the end of this week our Year 8 students should have completed their 7 hours of service at home. I’m sure that families really appreciated the extra help given around the home by our Year 8 students!

NORBIE CARE – YEAR 7

Our Year 7 students have been amazing in their support of our Norbie Care hampers and donations. We thank all Year 7s and their families for such an amazing response. Their efforts will certainly make a big difference to those in need at Christmas time.

CHRISTMAS APPEAL

Donations for our Christmas appeal have been outstanding this year. Thank you to all those who have brought in non perishable food items to add to hampers. We are a little light on in bottles of soft drink, long life custard, and Christmas food such as Christmas cakes, shortbread biscuits and puddings. If you have not contributed and would like to, those and any other items would be most appreciated.

Our Year 9 Service Learning students have been busy covering boxes in preparation for the hampers.

Ms M Kyd (Campus Ministry Coordinator)

“Prepared For All Good Works”
ALL SAINTS YEAR 10 CARNIVAL

On Tuesday 8 November St Norbert College, Canons Basketball participated in the All Saints Basketball Carnival, at All Saints College Bull Creek. This carnival consisted of Year 10 students and included some very talented opposition in both the boys and girl’s competition. The Canons boys were able to withstand some difficult opposition in Carey Baptist College, CBC Fremantle (B) and Lakeland Senior High School and progressed into the crossover finals against Corpus Christi College. With some great team play led by Fletcher Clemmence and Lennon Butler, the boys won their way into the Grand Final against CBC Fremantle’s (A) side. In the end CBC’s size and strength was too much for the Canons who ended up losing by 12 points.

In the girls competition our girls won their pool matches convincingly against Carey Baptist College, Lakeland Senior High School and Swan Valley Senior High School. The girls finished in first place at the end of this stage and squared up against Carey Baptist College in the grand final. Overcoming a number of injuries in the final, the girls demonstrated great resilience and managed to win the final by one point.

Congratulations to Savahna Nevill and Fletcher Clemmence who were named MVPs of the Carnival, a fantastic achievement. Congratulations to all students involved for your continued hard work in the Specialised Basketball Program.

SPECIALISED BASKETBALL AWARDS

The Specialised Basketball Awards presentation took place on Sunday 13 November. Congratulations to the following students;

SPECIALISED BASKETBALL PROGRAM USA TOUR FUNDRAISING EVENTS - LAZERBLAZE

Students are invited to attend a great fun event at Lazerblaze Willetton on Sunday 11 December from 5.45pm – 9.00pm. Tickets are $30 and include a three hour super session, pizza and a drink. Tickets are available from Student Reception.
After a very successful ACC Athletics carnival we had nine students who performed outstandingly and have been awarded with AllStar awards for their event.

AllStar teams are selected in athletics, swimming and cross country. The team is an “All ACC” honourary team consisting of the best performer(s) in each event across all schools and divisions within the association. It is a great achievement to be selected in an AllStar team across more than 60 schools. All students selected in an AllStar team are presented with a commemorative badge and certificate of acknowledgment from the ACC.

The Following students can be congratulated for achieving this outstanding award:

<table>
<thead>
<tr>
<th>Lubin Benedict</th>
<th>Jaco Jansen van Rensberg</th>
<th>Noel Mancuveni</th>
<th>Samuel Rowlands</th>

These students events can be found at: http://www.accsport.asn.au/sites/default/files/All%20Stars%20Team%20by%20Event%202016_0.pdf

NICHOLAS ROWLANDS ALSO ACHIEVED THE ACC LETTERS AWARD

First introduced in 2013, the awarding of “ACC Letters” is the highest individual accolade awarded by the ACC. To receive “Letters”, a student must be selected in an All Star team in the same sport for a minimum of four years. The number of years does not have to be consecutive, but the years are not cumulative across sports.

- Letters can only be achieved by AllStar selection in the same sport for at least 4 years.
- Letters can be achieved in multiple sports as long as the student meets the qualification criteria of four year selections in each sport.
- Letters are only awarded for the three major carnival sports; Athletics, Cross Country and Swimming.
- Letters awards commenced in 2013 with the starting qualification period dating back to 2009.
- Only students currently enrolled in an ACC school are eligible to receive Letters. Students that graduated before 2013 are not eligible to receive letters.

Students that are awarded letters will be presented with a framed “ACC Letter” as a memento of their outstanding achievement and will also become members of the exclusive ACC Lettermen Club.

Nick should be extremely proud of his achievement and dedication to the College Athletics program. Nick proudly captained the College’s ACC Athletics team this year and was award his Letters by Mr Kyle March from the ACC at the last assembly in Term Three.
YEAR 10 ENTERPRISE PROJECTS

The Year 10 Career and Enterprise students completed a range of enterprise projects for their final assignment. It was up to each group to develop an idea and use the business start-up model to trial their idea. There were a range of projects undertaken including selling cakes, soft drinks, ice cream and cookies, designing and selling t-shirts and stickers and also washing cars and walking dogs. It was great to see the creativity and entrepreneurial skills demonstrated by our Year 10 students. As part of the project some of the groups chose to donate a portion of their profits to the Christmas Appeal. In total we have raised $339.16. Congratulations to all of the students involved.

Mr M Openshaw (Head of Learning Area - Careers and VET)

THE CONOCOPHILLIPS SCIENCE EXPERIENCE

This program is a fun three or four days of science activities for Year 9 and 10 students in 2016. Each program is designed to provide students who have an interest in science with an opportunity to engage in a wide range of fascinating science activities under the guidance of scientists who love their work.

Participants perform experiments in the laboratories, meet and hear senior lecturers in the lecture theatres, attend site visits and walk around and experience what it is like to be on the campus of a university or tertiary institution. More than 65,000 students have taken this rare opportunity, up to date.

The program also provides information about further studies in science, technology and engineering. It highlights the wide range of careers that allow students to pursue their interest and abilities in the sciences.

One aspect of the program often commented on by participants is the opportunity to meet and share ideas with students from different schools. Each program includes a BBQ or other social activity.

For more information see the flyer and application form in the Year 9/10 trays in Student Reception, speak to Miss Fairhead or see the weblink: https://www.scienceexperience.com.au/

Miss S Fairhead (Head of Science)

INSTRUMENTAL LESSONS

No student may commence or withdraw from instrumental tuition without a written request from a parent or guardian. To commence tuition parents must fill in the Application for Instrumental Tuition Form and return it to Music Administration. Once a student is enrolled for lessons he/she is then automatically enrolled for his/her selected lessons from term to term, year to year.

A reminder that students wishing to withdraw from instrumental tuition at the end of Term Four, 2016 must provide a written request from a parent or guardian by no later than Friday, 25 November 2016. Failure to comply with these guidelines (as noted in the 2016 Parent Information Booklet) will result in full payment of Term One, 2017 fees regardless of whether or not the student continues lessons.

Thank you for your cooperation with this matter. If you would like to begin instrumental tuition or join one of the many College ensembles, please contact the Performing Arts Learning Area on 9350 5433 or email kfreind@norbert.wa.edu.au

Mrs K Freind (Music Administrator)
